Sighisoara Ministry Building Project

We have already raised \$55,000 for building renovation. This is the third ministry center in Romania. It currently ministers to street children, feeding and bathing orphans, volunteers offer physical therapy, play therapy, and music to orphans, offering computer education for high school students and a small business school. The building that has been secured faces the major square in the city and is a much-needed facility to continue and expand this rapidly growing ministry. The money raised will go towards utilities and upkeep.
